^{*} before adjustment for sales tax.

The county is providing this table of property tax rate information as a service to the residents of the county. Each individual taxing unit is responsible for calculating the property tax rates listed in this table pertaining to that taxing unit and providing that information to the county.

The **Adopted Tax Rate** is the tax rate adopted by the governing body of a taxing unit.

The **Maintenance and Operations Rate** is the component of the adopted tax rate of a taxing unit that will impose the amount of taxes needed to fund maintenance and operation expenditures of the unit for the following year.

^{**} adjusted for sales tax

The **Debt Rate** is the component of the adopted tax rate of a taxing unit that will impose the amount of taxes needed to fund the unit's debt service for the following year.

Senate Bill 2, 86th Legislative Session made several significant changes to the truth-in-taxation process, including new terminology:

The **No-New-Tax-Rate** (*formerly Effective Rate*) is the tax rate that would generate the same amount of revenue in the current tax year as was generated by a taxing unit's adopted tax rate in the preceding tax year from property that is taxable in both the current tax year and the preceding tax year.

The No-New-Revenue Maintenance and Operations (M&O) Rate (formerly Effective Maintenance and Operations Rate) is the tax rate that would generate the same amount of revenue for maintenance and operations in the current tax year as was generated by a taxing unit's maintenance and operations rate in the preceding tax year from property that is taxable in both the current tax year and the preceding tax year.

The Voter-Approval tax Rate (formerly Rollback Tax Rate) is the highest tax rate a taxing unit may adopt before requiring voter approval at an election.
