Age Range

Cases by Test Date

Probable Case Definition: A person meeting clinical criteria AND epidemiologic evidence with no confirmatory laboratory testing performed for COVID-19; A person meeting presumptive laboratory evidence AND either clinical criteria OR epidemiologic evidence; A person meeting vital records criteria with no confirmatory laboratory testing performed for COVID-19.

Pending Investigation Definition: Confirmed or probable cases that have been identified in the county by lab results or probable case definition. Cases are either under investigation or will be investigated. Pending case information is included in all charts except Cases by Transmission and will be posted after an investigation is complete.

TDCJ Prison information: TDCJ reports their COVID 19 case information directly to the State and can be found at: <https://txdps.maps.arcgis.com/apps/opsdashboard/index.html#/dce4d7da662945178ad5fbf3981fa35c>. TDCJ COVID 19 positive prison staff that reside in Medina County will be included in the county case count.
